### INTERESTS

I love to read especially the novels of Stephen King and enjoy digital photography and taking photos. I listen to a broad range of music, enjoying many live music concerts and Glastonbury Festivals. I also collect 1:18 scale rally cars and film related models and figures.

I am a big fan of car rallying and have been lucky enough to visit and watch many rally events both in the UK and Europe, travelling around following the stages. Also having a passion for travel I have visited many places within the USA, Australia and Europe. I would love to drive Route 66 in a muscle car one day if I am lucky enough!
